

**NASA Dryden Flight Research Center
Airborne Science Flight Report**

Aircraft	DC-8
Flight Number	100202
Flt Req #	108013
Flight Hours	5.8
Date	03/17/10
Purpose of Flight	ICE Bridge Greenland payload checkout
Aircraft Status	Airworthy
Sensor Status	All experiments checked for operation through all modes
Significant Issues	None
Accomplishments	No discrepancies were noted. Aircraft and sensors are ready for the campaign.
Planned events	Deploy on 3/22
